## Profile

A final year MSc Software Engineering student with knowledge in Web Application Programming, I am looking for an opportunity, where I can gain experience and develop my career as a Web Developer. As a fresher with interest in Web Development, I would like to fully utilize my creative skills and innovative thoughts while making a significant contribution to the organization.

## Personal Competencies

- **Decision making** – I believe I have a fair ability to analyse problems, evaluate risks and make a good decision to achieve the required goals.
- **Project Coordination** – I took responsibility to coordinate and distribute the workload among my Teammates for our final year group project in college.
- **Leadership** – I enjoy delegating tasks and taking lead on project work, while staying involved and inspiring my team until our goals are achieved.
- **Teamwork** – flexible with time and working pattern to meet team needs working in a time constrained environment.
- **Public Speaking** – I have conducted seminars and compered events at school and university level.

## Technical Skills

- HTML & CSS
- JavaScript
- Java (GUI & OOPS)
- Python
- MySQL
- Php
- Enterprise Cloud Computing
- Game Design Fundamentals
- Mobile App Development
- Web App Programming

## Education

### MSc Software Engineering

Staffordshire University, United Kingdom

*January 2022 – present*

#### Key Modules:

- Web Application Programming: gained knowledge to develop a Membership Management System along with using tools such as HTML, CSS, and JavaScript in addition to plain PHP.

## **BTech in Computer Science & Engineering**

APJ Abdul Kalam Technological University (KTU), India  
*2016 – 2020*

**Branch:** Computer Science & Engineering

**CGPA:** 6.9

## **Year 12**

GEMS Our Own Indian School (GOOIS), U.A.E  
*2015 – 2016*

**Stream:** Science with Maths

**Overall Percentage:** 77%

## **Work Experience**

### **PRO Coding Instructor**

Byju's Future School & WhiteHat Jr  
*2020 – 2021*

- Worked as a Coding teacher, conducting Live Online Coding classes for school students in the age group 10 - 15 years.
- Conducted Live 1:1 Coding Sessions.
- Taught students to create animations, games, apps & websites using JavaScript and other core programming concepts.

## **Publication**

LEARNING BASED SLIDE GENERATOR (Final Year Project in College)  
*2020*

- Published by International Journal of Engineering Research & Technology (IJERT).
- **Paper ID:** IJERTV9IS070415.
- **Volume & Issue:** Volume 09, Issue 07 (July 2020).
- **DOI:** <http://dx.doi.org/10.17577/IJERTV9IS070415>.

## **Interests**

- Playing shuttle badminton
- Travelling
- Listening to Music
- Singing
- Solving Crossword Puzzles
- Watching cricket matches
- Learning new Languages
- Swimming
